Student Voices

SSIP was the most wonderful experience I ever had in Japan. I learned a lot about Japanese culture in this program. Looking back, it reminds me of good memories spent with my new friends and the interns. If I could turn back time I would still participate in this program.

Thinking about my time in Japan with SSIP makes my eyes crinkle up and the corners of my mouth turn up in an uncontrollable smile. I am so grateful that I stepped out of my comfort zone and took a chance on something that has gifted me so many beautiful memories, friendships, and perspectives. I am beyond excited for future participants and cannot wait for them to be in awe of their experience with the country and its beauty just as I was!
